

AGAPA

FOR CHARTER

Step aboard M/Y Agapa, a beautifully refitted 26.5 m Sunseeker open motor yacht that embodies the perfect balance of performance, style, and relaxed luxury. Originally launched in 2009 and comprehensively refreshed in 2024, Agapa presents a contemporary aesthetic with luminous interiors, chic finishes, and thoughtful design throughout - ideal for discerning charter guests seeking unforgettable cruising experiences in the Western Mediterranean.

Agapa comfortably accommodates up to nine guests across four well-appointed cabins: a full-beam master suite, one double cabin, and two twin cabins - one with a Pullman berth - all serviced by a professional crew of three ensuring seamless hospitality at sea.

Her inviting exterior spaces are designed for effortless sociability and sun-soaked leisure. Relax on expansive foredeck sunpads, gather for al fresco dining in the stylish aft cockpit, or soak up panoramic views from the open sun deck. Steps from the cockpit lead directly to the water via a generous swim platform, enhanced further by a floating dock with sea pool - perfect for spontaneous dips and water play.

Powered by twin MTU engines, Agapa cruises comfortably at 23 knots with exhilarating performance up to 34 knots, making her ideal for exploring iconic destinations such as the Balearics, French Riviera, and beyond.

Agapa's thoughtful entertainments include air conditioning, reliable Wi-Fi, and a superb toy inventory featuring a 3.84 m Williams Jet Tender, wakeboards, waterskis, paddleboards and snorkeling gear - ensuring adventure for guests of all ages.

M/Y Agapa is your gateway to effortless luxury on the water - where exhilarating performance meets Mediterranean style and warmth.

M/Y AGAPA
